## **DETAILED ACTION**

### ***Allowable Subject Matter***

1. The following is an examiner's statement of reasons for allowance:

Upon searching a variety of databases and upon further consideration of Applicant's remarks, the Examiner respectfully submits that the prior art of record does not particularly teach or suggest a field for storing parameters of data reliability classification as recited in independent claims 37 and 41. Consequently, claims 37, 41 and the claims depending therefrom are allowable over the prior art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

### ***Conclusion***

2. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.
